JO ANN CARTER..... Editor-in-Chief
JANET VERNON..... Assistant Editor

Your HI-LIGHTS staff of 1962 has tried to make this yearbook a picturamic record of your life at Pleasant Garden High School. In later years as you turn these pages, you will remember the experiences you had here.

The pictures and the pages of this book added together mirror a year of your lifetime and record for you events and people that have done much to make you what you are.

Yes, here is your high school. This is where you met and made new friends. This is where you studied. This is where you wept and sang, laughed and worked and loved. This book is a year of you.

We hope that these recorded memories will refresh and help you often in later years as you journey onward into broad horizons.

It began in 1905 . . .

Although the population was small, there existed an interest in education among the people of Pleasant Garden community for many years, and this interest was sufficient to support a paying institution of learning.

> The Pleasant Garden Classical School for males and females opened in 1869 with Rev. T.S. Whittington, A.M. principal. The sessions were twenty weeks in length. The tuition was from $6 to $16 per session and board was $7 per month.

Such institutions were great improvements in the field of education, but nevertheless,

> These schools were not much more than subscription schools, on a better financial basis, chartered by the legislature.

There is no record of the time that the Pleasant Garden Classical School remained in operation as no mention of it is made in written records of the present century. Yet the older inhabitants of the area still speak of the Academy, as the old school is now called, but all such references are vague and little specific information can be obtained. However, tradition locates the site of the Classical School where the Pleasant Garden School now stands.

With the coming of better roads in the early twenties new settlers were attracted to the village and to the surrounding area. With an increase in the population, grew a demand for better educational opportunities.

The records of the Guilford County School Board show that the people of Fentress Township have been interested in education from the early days of the present century, for a petition was sent to the County School Board by the citizens of Piney Grove Community asking that a school be established there. On November 7, 1903, the school board

> Ordered that a school be established at the Piney Grove school house in Sumner Township.

The report of Piney Grove being in Sumner Township was a clerical error for the lines of the two townships are three miles south of the location of the Piney Grove school location. The building still stands and is used as a dwelling.

In addition to the one mentioned above, the Operations Budget of the schools of Guilford County for 1905 shows the following schools in operation in Fentress Township: Tucker, east of Highway 421; Rugby, a half mile east of the village of Pleasant Garden; Fields, in the Climax community; and Cedar Hill in Vandalia. Rugby was the only one in the vicinity of Pleasant Garden and it is presumed that it was the village school. All these schools were two or three room institutions. Some later had to close for lack of sufficient pupils to continue to operate.

In 1905, the name Oak Grove disappeared from the records of the county and Pleasant Garden School appeared. Rugby also disappeared this same year.

As early as 1903, the State General Education Board, under the leadership of Governor Charles Bradley Acock, began to encourage the erection of high schools and made available to the first township in each county to provide such facilities, one thousand dollars for the maintenance of the building.

Fentress Township took advantage of this offer and the leadership of Thomas A. Sharpe, County Superintendent of Schools, voted a special tax for the purpose of establishing a high school at Pleasant Garden. Early in 1905, the County School Board ordered that one extra room for high school work be put in the building that was under construction in Pleasant Garden, and that all school subjects of Fentress Township be allowed to attend high

school free, after they had reached a grade to be fixed by the County School Superintendent.

The records of the school board show that there were two high schools established in that year that:

> enabled any children from any part of Guilford County to go without paying tuition.

These two schools had a four year course which could prepare pupils for college entrance. The first year of operation showed fifty-two pupils in attendance at the two schools.

With the increase in all weather roads, the school board began to close the smaller schools and transport the pupils to Pleasant Garden. In 1921, the Cedar Hill School closed. In 1925, Fields School in Climax, whose name had been changed to Oak Hill, lost its pupils to Pleasant Garden. Piney Ridge, Rugby, Monnett, Tabernacle and Oak Grove all were victims of consolidation.

The rapid growth of the population of the area around Pleasant Garden has contributed much to the development of the school. In 1922, the old high school building was erected, in 1925, the building housing classrooms and the auditorium was completed and in 1941, the Home Economics Building and Gymnasium became a reality.

The principals who served during the years of most change were W. H. Crawford who was replaced by George Short in 1928. Mr. Short served until 1932 when E. D. Idol became principal. Paul Hockett followed Mr. Idol and remained principal until 1944. Robert Ayers became principal that year and has remained in that position since that date.

The Agriculture Department took its place as a part of school training under A. L. Teachey and in 1929, C. J. DeLoach became agriculture teacher and has remained such since that time. In 1950, the new Agriculture Building was completed. In 1954, the building housing the cafeteria and classrooms was completed and in 1959, the E. D. Idol Building was occupied by the high school students.

The Class of '62 studied three years in the new building. The Freshman year was spent in the old building under the leadership of Mrs. Otis Gardner and Mr. C. J. DeLoach, Advisers; and Becky Vickery, President; Ellen Ayers, Vice President; Jo ann Carter, Secretary; Gail Wyrick, Treasurer and Ann Kearns and Danny West, Reporters.

Our schedules were different from grade school and the highlight of the year was the Freshman Party held in the Recreation Room in the spring of 1959.

With the passing of each year, the countdown for closing Pleasant Garden as a High School got nearer and nearer to zero hour. Our Sophomore year began in the new E. D. Idol Building and we were led by Mrs. Clark Lambeth and Mr. Ronald Teachey, Advisers; and Roger Knight, President; Mike Edwards, Vice President; Barbara Ross, Secretary; Erwin Underwood, Treasurer; Kay Drake and Jimmy Vickrey, Reporters. Our greatest undertaking this year was the Sophomore-Senior Party which was successfully held in the school cafeteria.

As Juniors, we were under the guidance of Mrs. Catherine Parsons and Mr. James Moser as Advisers. Our officers for the year were: Roger Knight, President; Janet Vernon, Vice President; Barbara Ross, Secretary; Linda Rumley, Treasurer; Carolyn Curtis, Reporter.

The class chose the traditional red set rings. The magazine sales campaign reached an all-time high and awards were given to the best salesmen. The Junior-Senior Banquet was the big event of the Junior year and the theme of the event was "Gay Paree." The Class Night activities were also important events of the year and with the singing of "Auld Lang Syne" the Juniors were seniors.

Our advisers for this important year were Mrs. Harold Gray and Mr. J. L. Dawson. The officers for the class of '62 were elected and the returns put Roger Knight in as President, Kay Drake as Vice President, Ann Kearns as Secretary, Linda Greene as Treasurer, and Ellen Osborne as Reporter.

As seniors, we chose caps and gowns, invitations and superlatives. The Hi-Lights editor and assistant were Jo Ann Carter and Janet Vernon. The section in the Hi-Lights gives proper recognition to each member who was chosen to serve or receive an honor.

The seniors were honored with the Sophomore-Senior Party, the Junior-Senior Banquet and the final day of graduation was over and the Class of 1962 completed its school history and with that completion the history of Pleasant Garden High School ended. The consolidation began in 1921 was finally completed and Pleasant Garden High School had to bow to progress and educational advancements.

Prophecy

Everyone knows that I can't foretell the future, but let's gaze into this wonderous glass ball, and see what it has in store for us.

What's this blurry object coming into view? Now I can tell that it is a Pan American Airliner with Mike Edwards in the cockpit as the pilot. I can hear him talking to someone over the radio, and I recognize the voice of Keefer Pine who is an Aeronautical Engineer with the Airlines. From the airport, let's venture into the city and visit in one of the many office buildings. The title on this door reads, Knight and Graham, Inc. As we enter, I see their busy secretary, Joyce Fields sitting at the desk. She has a picture of her family on the desk. In the main office, Roger Knight and Douglas Graham the owners, are talking over one of their business propositions. In the next office, I see the former Carolyn Coble, Frances Fields, and Phyllis Ross, who are discussing their bosses. My, they look like busy secretaries.

The hospital is the next building in our trip, and I see many of our former classmates. Here come Becky Vickery, Anna Fields, and Linda Rumley down the corridor. Becky Vickery is showing the girls a picture of her family. Look out! Barbara Coble, also a nurse, is rushing this way. It seems she has some important business to discuss with Gail Wyrick, the laboratory technician, and Barbara Ross, the hospital's medical technician.

Now let's visit in the new school. Here I see the former Jo Ann Carter and Ann Kearns discussing some of their classes. Both are teachers. As I walk along the hall, I recognize Janet Vernon's voice in the History class, and in the English class, Marilyn Smith is lecturing her students. I am sure Carolyn Smith isn't too far away, just a door down the hall. Down in the gym, there is a basketball game being played. Donald Venable and Vinnon Williams, the coaches, are giving the players quick instructions.

Somehow, we have gotten behind a line of women. I'll ask the lady in front of us where we are going...well, it is Carolyn Curtis, and she informs us that the women are going to the beauty parlor. Carolyn Curtis is now married and has a family of three. Also waiting are Brenda Tucker, Dianne Garrett, and Faye Norris. All are married and have families. Faye Norris is also a secretary in one of the local office buildings. We are finally in the beauty parlor and can easily understand why so many women are waiting in line. Brenda Baynes, Margaret Allred, and Gay Hinton are the stylish beauticians. Beside the beauty parlor is the barber shop; Erwin Underwood is the owner of the shop. He is giving W. C. Shaw a haircut, W. C. is now married and a very sucessful businessman.

Further down town, I see a huge new shopping center. Coming closer, I recognize Weasley Hall, Jimmy Vickrey, and Edwin Myers discussing the finishing touches on the last building. All three are architects. Joseph Kirkman is the structural engineer for the project, and Steve Vickrey is the civil engineer. Wayne Mowery, the electronic engineer, is in charge of the electronic work in the center. There are many new stores already finished and in Sears, I meet Katrine Marley working as a saleslady. Kenneth McGinnis is the business manager. Margie Capps, a busy housewife, is shopping on one of the floors, and Nancy McCraw, a famous novel writer, is also patronizing the store.

In the new Winn-Dixie, the former Linda Creed is talking with her husband who is produce manager. The next building is Wilson, Incorporated. Ellen Willson is secretary to her husband's firm and also the mother of five. Ellen tells us that Earl Fields, the famous stock car driver, is sponsored by their firm. Who is this man cruising through the center in a Cadillac and smoking a cigar? I recognize the carefree driver as Randy Underwood doing what he has always wanted to do. On the outskirts of the city, we meet Robert Pine working as a diesel engineer for General Motors. Danny West is also busy in the garage, but he is working diligently on atomic powered lawnmowers.

Forget about the city now, and let's take a trip back to old P. G. Let's stop at this familiar service station, but the title now reads Tucker and Herndon Esso. Steve Herndon is now co-owner. Vance Davis' body shop is next door. He is a skilled welder in auto mechanics. Steve Herndon informs us about the boys that are in service: Ronald Knight is in the Air Force; Benny Shaw and Charles Collins are in the Navy; Ronald Redding is a radar Technician in the Air Force; Billy Coble is in the Airborne, and Johnny Gray is a naval submarine commander. Charles Smith has just driven into the service station. He is a chemist for Vick Chemicals. He has just invented the cough syrup that cures you before you are sick.

Well, our trip is just about over, but let's not forget our classmates across the sea. Linda Greene is in Bolivia, serving the Lord as a devoted missionary and doctor. Marvin Taylor and Gary Dunham are traveling around the world with money won in the stock market, and Kay Drake is touring Europe with money earned as a tutor. And I, Ellen Osborne, am very happy and busy being a wife, mother, and homemaker.

ELLEN OSBORNE

Class Prophetess

Last Will and Testament

We, the Senior Class of 1962, being of sound mind, do hereby declare this to be our Last Will and Testament; hereby rendering null and void any former will and bequest which may have been previously made.

ITEM I

To the faculty, we leave our love and appreciation for the guidance and help they have given us in these four years.

ITEM II

To the Junior Class, we leave the honorable and dignified title of "Senior" along with the privileges and responsibilities the name carries.

ITEM III

We give the Sophomores our good luck - it will lead you to success. Many places will have to be filled by you so you may now step into the co-pilot's seat, the Junior Class.

ITEM IV

Freshmen, along with the right to become members of the Sophomore Class, we leave you our patience and courage, for the best is yet to come in the new consolidated school.

ITEM V

Individual Bequests and Bequeaths:

RANDY UNDERWOOD leaves bus 47 to Ronald Curtis hoping he can stand the rattles.
ELLEN WILSON leaves to her sister Sarah her ability to cut up in study hall and write notes in the hopes that she can get away with it as good as Ellen did.
